THE DAILY AVALANCHE.

The White Man's Platform.

I hold that this Government was made on the white basis, by white men, for the benefit of white men and their posterity forever, and should be administered by white men, and none others. I do not believe that the Almighty made the negro capable of self government.—*Stephen A. Douglas.*

Hear President LINCOLN in reply:

I AM NOT, NOR EVER HAVE BEEN, IN FAVOR OF MAKING VOTERS OR JURORS OF NEGROES nor of qualifying them to hold office, nor intermarrying them with white people, and I will say, in addition to this, that there is a PHYSICAL DIFFERENCE between the white and black race, which, I believe, *will forever forbid the two races living together on terms of social and political equality*—and, inasmuch as they cannot so live, while they do remain together, there must be a position of superior and inferior, and I, as much as any other man, am in favor of having the SUPERIOR POSITION ASSIGNED TO THE WHITE RACE.

Two years before the death of DANIEL WEBSTER he said:

"IF THESE IMPERTINENT *Fanatics and Abolitionists* ever get the power into their own hands, they will *override the Constitution, set the Supreme Court at defiance* change and make Laws to suit themselves, lay violent hands on those who differ with them in opinion or dare question their fidelity; and finally, bankrupt the country and deluge it with blood."

On September 2, 1843, twenty-five years ago, HENRY CLAY said:

The agitation of the question in the free States will first *destroy all harmony, and finally lead to disunion—perpetuate war—the extinction of the African race—ultimate military despotism.*

But the great aim and object of your tract should be to *arouse the laboring classes of the free States against Abolition.* Depict the *consequences to them of immediate emancipation.* The slaves being free, would be dispersed throughout the Union; *they would enter into competition with the free labor;* with the American, the Irish, the German; *reduce his wages,* be confounded with him, and *affect his moral and social standing.* And as the ultras go both for Abolition and amalgamation, show that their object is to unite in marriage the laboring white man and the laboring black woman, *to reduce the white laboring man to the despised and degraded condition of the black man.*

I would show their opposition to Colonization. Show its humane, religious and patriotic aim. That they are to separate those whom God had separated. Why do the Abolitionists oppose Colonization? To keep and amalgamate together the two races, in violation of God's will, and to keep the blacks here that they may interfere with, degrade and debase the laboring whites. Show that the British Government is co-operating with the Abolitionists, for the purpose of dissolving the Union, etc. You can make a powerful article, that will be felt in every extremity of the Union. I am perfectly satisfied it will do great good. Let me hear from you on this subject.

The London *Times* of the 20th says: It is stated on competent authority that at this moment at least 40,000 workingmen, colliers, ironworkers, and others, are "at play"—that is on strike, doing nothing, or perhaps worse than nothing, because they and their employers cannot agree as to the wages which in the present condition of trade ought to be paid for work.

During a recent storm in Russell county, Georgia, hail fell in some places to the depth of several inches. The Columbus *Enquirer* says the growing crops were very badly cut up; the wheat beaten down and broken; the corn blades cut into strings and many stalks crushed; the cotton so badly cut up as to make it necessary to replant hundreds of acres. The fruit, also, was nearly all destroyed on the places in the path of the storm.

Latest from Washington.

Special Telegraphic Correspondence of the Louisville Courier.]

WASHINGTON, May 6.—The closing scenes of the great trial to-day were exciting, if not reputable. Bingham fumed and fretted for two hours of the previous time, uttering but one noticeable remark, which was defense of the alien and sedition law, and having ended by a frothy harrangue, to the relief of Senators, resumed his seat. Instantly the galleries broke out into applause, which the Chief Justice ineffectually endeavored to restrain, and he ordered the galleries cleared.

The applause being continued, Mr. Grimes moved that the order of the Chief Justice be enforced, and the galleries cleared. The crowd thereupon hissed loudly, and a scene of excitement and confusion ensued. Mr. Trumbull moved that they be arrested and expelled who were guilty of violating the rules. Messrs. Grimes and Davis demanded the enforcement of the rules clearing the galleries. There was now great excitement throughout the galleries, numbers rushing to the doors but failing to get through in the pressure, and others pausing to see whether the order would be enforced.

Those in the diplomatic and reporters' galleries resumed their seats. Subsequently the British Minister and other diplomats expostulated against the order being enforced against them, but all were compelled to vacate. In fifteen minutes the doors were again opened and the galleries again filled up to the same extent, though numbers had gone home, and in a short time the galleries were again cleared, and the Senate went into secret consultation to consider Edmunds' and Sumner's motions. The Court will meet again to-morrow, but will likely adjourn to Saturday.

It is said the disturbance in the galleries was preconcerted by the impeachers having issued extra tickets and crowded the galleries with their friends. The *demi-monde* was largely represented on this occasion.

Impression of the President's acquittal gains ground. The reported defection of Fessenden has stricken the Radicals with dismay, for if true impeachment falls flat.

On authority, to be credited, it may be accepted as a fact that Fessenden will express an opinion that the civil tenure bill is constitutional, but that Stanton is not protected against its provisions. Trumbull has said the impeachers failed to make out a case, so their stock is at a discount. George Wilkes refused to take a bet of five thousand dollars to-night that Johnson would be acquitted.

The Committee on Ways and Means will report a bill in a few days making the Internal Revenue Department independent even of the Treasury, and putting that vast power and patronage in the hands of the commissioner. It is a grand scheme to serve partisan purposes.

Stevens left the House to-day in chagrin, because it sustained the Speaker who decided his personal explanation about signing the Alta Vela documents unparliamentary.

Mullins wanted to suggest an idea thereon, and the House roared with laughter at Mullins having an idea.

ALONG THE MEMPHIS AND OHIO RAILROAD.

An Interesting Letter from the Flourishing Town of Bartlett, Shelby County.

Masonic Institute—Sabbath School Picnic—Matters Masonic—Prominent Citizens, etc.

Special Correspondence Memphis Avalanche.]

BARTLETT, MEMPHIS & LOUISVILLE R. R.
May 8th, 1868.

A day passed at this thriving and delightful little town affords a correspondent ample material for a long letter partaking of local interest, as the place is only eleven miles from Memphis. The trains on this admirably conducted railroad run with great regularity, and the short space of time one is aboard the cars in reaching Bartlett from the city affords a few moments of very pleasant recreation. Having visited this rural retreat for the purpose of furnishing the readers of the AVALANCHE with a few items concerning the same, I shall proceed to present some of the most noticeable features connected therewith.

BARTLETT MASONIC INSTITUTE.

Professor Norcom, a well-known and successful teacher, of Memphis, came here six months ago and took charge of the Masonic school. He has been liberally encouraged by the public-spirited people of Bartlett, and will doubtless build up a flourishing institution of learning. He is assisted by Professor J. A. Rousseau, an accomplished scholar of the old school. He is a brother of the distinguished General Rousseau, of Kentucky, and has been teaching in this part of the country forty years. He was at one time connected with the LaGrange Synodical College, but for ten years past has been teaching at this place. Your correspondent had the pleasure of visiting the Institute, and was introduced to the school, and heard some recitations. Mr. D. G. Shelby, a young man of seventeen, reads Sallust with an ease that indicates a fine mind and good training. A class of eight boys, ranging from eight to ten years, displayed a fine knowledge of the principles and practice of English composition. Some dialogues and recitations were given at a moment's notice, in a manner reflecting great credit upon students and preceptor. Among those most conspicuous for talents, good education and ready wit, may be mentioned the following young men and youths: D. G. Shelby, C. Priddy, A. Mercer, Thomas and Robert Bartlett and A. T. Lacy. A highly creditable exhibition was given a few days ago, and an account of it appeared in the AVALANCHE. The present session will close about the 20th of June. Professor Norcum is a graduate of Chapel Hill, is a finished scholar and experienced teacher, and capable of building up a large, flourishing school. The people of Bartlett are fortunate in securing his services, and many Memphis people would find it advantageous to send their sons to this quiet and well disciplined select school.

SABBATH SCHOOL PICNIC.

The Wesley Chapel Sabbath School of Memphis will be out there next Saturday, under the direction of their devoted and noble Superintendent, Colonel R. J. Morgan, to hold a grand picnic. The Chelsea Mission School under Mr. R. P. Bolling as Superintendent, and the South Memphis Mission School, under direction of Rev. Mr. Patterson, are expected to attend. There will be two or three hundred children in all, and grown folks in proportion. Their friends are all cordially invited to attend. A special train is already chartered, and no fare will be collected from those coming out. I met here Mr. J. C. Mills and Mr. A. S. McNair, two of the teachers who have been preparing the picnic grounds east of the depot for the coming occasion. A large number of hands belonging to the railroad are busily at work on the grounds which nature so beautifully adopted to the purpose for which they are used. Grand old forest trees overshadow the grounds, the earth is carpeted with young grass, and near by is a bold spring. Col. Sam B. Jones has done much to accommodate those who are arranging for the picnic, and they desire to express, through the AVALANCHE, their sincere thanks for the interest he has taken in the matter and the valuable assistance rendered. A bountiful dinner will be provided by the ladies, and Mr. Herne, a promising young lawyer, is to deliver an oration. There will be every facility for enjoyment, and we hope the Sabbath schools and their friends will have a happy time.

MASONIC.

The Free and Accepted Masons here have a splendid Masonic Hall. The upper story, which is handsomely furnished, is used by Woodlawn Lodge No. 211, and Morning Sun Chapter No. 36. The officers of the Lodge are I. B. Mercer, Worshipful Master; W. B. Wright, Senior Warden; V. W. Williams, Junior Warden; H. L. Priddy, Secretary; A. Munn, Treasurer; E. L. McGowa, Senior Deacon; J. W. Dickey, Junior Deacon, and John Moorfield, Tyler. The order numbers nearly one hundred members, and is in a flourishing condition. The meetings are well attended, and the Lodge and Chapter are in fine working order. The lower part of the building is used during the week for Professor Norcum's Institute, and on Sundays for preaching purposes, alternately by the Presbyterians and Methodists. The Rev. L. D. Mullins preaches for the latter; also Rev. Ben. W. Johnson, who preaches monthly. The Presbyterians are without stated preaching at present, the Rev. Phillip Thompson having accepted a call to go to Louisville.

POSTOFFICE.

This great center of the town is presided over by Mr. H. L. Priddy. It does a large business for the size of the place—8,700 letters were mailed in the last six months. The people here are fond of literature, and take a large quantity of reading matter. They are nearly all people of high education and fine taste in all matters.

PROMINENT CITIZENS.

One of the leading spirits of this charming little town is Major G. N. Bartlett, the Mayor of the place. He is the leader of every public enterprise, is cultivated, genial and generous out of his liberal means, almost to a fault. His beautiful residence overlooks the village from a slight elevation, embowered in vines and shrubbery and trees, and all the air around is delicious with the odor of the jessamine, the honeysuckle and other sweet and rare flowers. The place is an abode of refinement, hospitality and happiness. The few hours spent there will be remembered like some rare garden spot where music and flowers and warbling birds and generous companionship make one forget for the time all the strifes and cares and ambitions of life.

PROMISCUOUS.

There are a number of new and elegant residences here. Among those particularly attractive to the stranger are those owned by Dr. W. T. Pryor, Capt. I. B. Mercer, Mr. B. W. Johnston and Mrs. McGhee. Another beautiful and attractive place is the residence and real home of Mr. H. L. Priddy, that popular and whole-souled gentleman, who was so favorably known to the public as one of the original proprietors of the *Argus*, and who has been identified with the interests of Shelby county for many years, although still a young man. He lives in handsome style, is merchandising successfully, does the postoffice business for his father, who holds the appointment, goes a fishing, lives well, and enjoys life like a country prince. Nothing can be done unless he is present. His name is connected with everything that appears on paper, or in the town, in some way. No newspaper man can visit his charming home without coming away with an inward resolve to "go and do likewise." He is married, of course.

But the actual amount to be paid in cash is

$35 PER SHARE

and this amount is to be paid as follows: One per cent. of the par at the time of subscribing, and no more until the entire capital has been subscribed, and then on calls to be made by the Board of Directors; installments not to exceed five per cent. per month. When thirty-five per cent of the par value of the shares has been paid, certificates of stock will be issued. This will give the Company a paid up

CASH CAPITAL OF $3,500,000

Which will be sufficient to duplicate lines to all or nearly all the paying points reached by the present monopoly.

The present Telegraph Companies throughout the country have been consolidated into one huge monopoly, and are now earning over SIX MILLIONS OF DOLLARS per year, or over one hundred per cent. on the actual cost of their lines, their present capital having been watered over ONE THOUSAND per cent.

THE NATIONAL TELEGRAPH COMPANY have a recognition from the United States Government of the importance of their enterprise, with a grant of the most valuable franchises ever conferred upon a telegraph company. No competing line has ever had the right now granted by Congress to this company to construct and operate lines over every RAILROAD and MAIL ROUTE in the United States. The position of this Company differs from that of any company ever before organized. The question of the RIGHT OF WAY IS FOREVER SETTLED.

The Stockholders of this Company cannot be sold out or TRANSFERRED to any other Company. The act of Congress under which this Company has been organized prohibits any transfer of the franchise granted.

CALLS---HOW TO BE MADE

One per cent of the Stock will be required on subscribing, and subsequent calls, not to exceed five per cent. per month, will be made by the Board of Directors, from time to time, as may be necessary, to supply funds to construct and equip the lines; but no calls will be made after the one per cent. is paid, until the entire Capital Stock shall have been subscribed

ACTUAL CAPITAL REQUIRED

The Company confidently believe that thirty-five per cent of the Capital Stock will construct and fully equip

25,000 Miles of Wire

Which will connect all the commercial centers and important places in the United States. This opinion rests upon the most reliable estimates and responsible offers to construct and equip the lines.

THE NATIONAL TELEGRAPH COMPANY is organized under the laws of the State of New York, and franchises conferred by an act of Congress, approved July 24, 1866.

THERE is no future for Radicalism. It is doomed to defeat and destruction. A negro oligarchy will not be allowed to control the destinies of this country. The chains stricken from the limbs of the negroes will not be fastened on those of the Anglo-Saxon white men of the nation. There is no article in the creed of Radicalism that is not abhorrent to every citizen who loves liberty and appreciates the dignity of his manhood. In its early career, the Abolition party had war-cries that appealed to a large portion of public sympathy. The clanking of chains and the slang of the slave-market were powerful adjuncts in the effective stage-play by which fanatics and demagogues aroused the sympathy of the masses. Free speech and a free press was the Shibboleth addressed to crowded hustings, and a wild enthusiasm was excited in behalf of the largest liberty, when a nation was but too free, by men who have since made us acquainted with all the odious paraphernalia of a superannuated despotism. But this old machinery is worn out; the claptrap that once carried elections is too stale for further use, and the false pretensions in behalf of liberty are no longer available to a party that only sought power in order to banish liberty from the land. Instead of being called upon by Radicalism to right the wrongs of negro slaves, the American people are invoked by the same party to enslave the white man and make the negro his master. The noble instincts that respond to an appeal on behalf of oppressed humanity are no longer quickened by the imaginary wrongs of the darkey, but by the real degradation and the outrages suffered by his white superior. We are no longer called upon to overthrow the system by which negroes were enthralled, but to establish an oligarchy in which these emancipated serfs should be the ruling power, and the white men of the country be the victims. There is something so utterly loathsome and so repugnant to the ineradicable and God-implanted instincts of our common human nature in the idea, that its proposition is equally an insult as it is an outrage. The late elections in the Northern States indicate that this attempt to subvert the decrees of Nature and Providence will be repudiated by the people. Fools and fanatics, demagogues and carpet-baggers cannot establish a negro oligarchy over the white men of the land. The office-seeking adventurers, spawned upon the South with the fecundity of maggots; the swarms of *pimps* and *spies* who are rioting on the liberties of the South, will yet be visited by that retribution which their tyranny and cruelty has invoked.

JOHN MITCHELL, in his *Irish Citizen*, draws a graphic picture of the condition of the South. With great force and power he shows that the South is suffering the same wrongs which despotism has visited upon others—that our people are to be oppressed unless they vote for the degredation of themselves and their children, and the disfranchisement of the best men of the land. He shows it by the methods adopted and enforced by the Parliament of the second of Elizabeth, by means of the act called "Act of Uniformity." The realm was at that time troubled with large numbers of persons who were generally termed not unreconstructed rebels, nor Ku-Klux Klan, but unreformed Papists and the Irish enemy. These people were so disloyal that they would not go to the Queen's churches, nor listen to her Majesty's clergy, thus obstructing the beneficent plans of the British Government for the settlement of Ireland. Now, by the "Act of Uniformity," it was enacted, that all persons whosoever, not having reasonable excuse, were to resort to their parish churches on all Sundays and holydays [say to the polls on all election days] and abide there orderly during divine service [or say cast the right vote] under heavy penalties. And that a man was a Catholic [or a white man] was not to be admitted as such reasonable excuse, but was rather a serious aggravation. But it made other wholesome provisions, this invaluable act. There were certain persons called priests, pretending to say mass and administer sacraments, seducing the people away from the Queen's parish churches, and earnestly dissuading them from being reconstructed under the act. These persons were almost exactly equivalent to Southern editors and public speakers. A short way was taken with them—all Popish priests [Southern editors] who should exercise their office or say mass [who should advise the people to vote down negro reconstruction], were for the first offense to be deprived of their benefices [have their newspapers suppressed]; for the second offense to be subjected to the penalties of *præmunire* [Dry Tortugas]; for the third offense, penalty of high treason, Death. The act further provided that in all churches should be used King EDWARD'S Liturgy and no other [Liturgy here means General Orders of Commanding Generals. And if any one should refuse to use or conform to this Liturgy, or should a third time "speak disrespectfully of it," the penalty was imprisonment for life. This British code seems to our poor mind a very applicable and unexceptionable precedent. Let nobody say it fails in point of analogy, because that legislation related to religious affairs, and the present difficulty is civil and political. There is really no distinction. In those times people thought a great deal about faith and creeds; now and here, our only faith and creed is, that "rebellion" is a damnable heresy; that those we choose to call "rebels," wicked and causeless rebels, have no right even to live and breathe save at good pleasure; that black is white; that outside the Radical Ring there is no salvation, that is, no public plunder; and that the promised dispensation means four more years of the said plunder. Here is a good, profitable and saving religion; and heretics must be damned. But the excellent precedents are not yet exhausted. By the second of Queen ANNE, entitled "An Act to prevent the further growth of Popery in Ireland," it was enacted that Catholics [*say Southern gentlemen who would not take the ironclad oath*] were to be excluded forever from all professions; prohibited to exercise trade or commerce in any corporate town; incapacitated to hold leases for a longer period than thirty-one years, or to inherit the lands of Protestant [loyal] relations, or to own a house of more than five pounds' value. A Catholic [unreconstructed] child, being converted to Protestantism [loyalty], or pretending to be converted, was to reduce his father to a tenant-for-life, reversion to the convert; with many other effectual regulations by means of which the Catholic [disloyal man] was totally deprived of civil existence, and—as was repeatedly decided by the courts—was not in contemplation of law alive at all, but only breathed by the indulgence or connivance of the Government. Of course, in practically applying the British precedent to our present case, certain changes must be made in the phraseology and the nicknames. This would be easy; it would be only to call every Southern gentleman a Ku-Klux Klan, instead of a Papist, and to say "polling-booth" instead of Church. The practical operation of the code would be almost identically the same; instead of "priest hunters" Ku-Klux hunters; instead of Mass, Democratic meeting, or voting the wrong ticket. Confiscation, disfranchisement and civil extinction would go on of themselves; and thus true religion—we mean "loyalty"—could not fail to be promoted; and the glory of God—that is the profits and spoil of the Radical party—would be assumed, for at least four years.

TELEGRAPH

MIDNIGHT DISPATCHES.

SAN FRANCISCO.

SAN FRANCISCO, May 8.

Virginia City, with but a single exception, has elected the entire Democratic municipal ticket.

Sandwich Island advices report a terrible volcanic eruption of Manna Leo. A shock similar to that of the memorable earthquake was felt. The earth opened in many places, and the tidal waves seventy feet high, sweeping away human beings, houses and everything moveable. A terrible shock prostrated the church, killing many. In all, one hundred lives were lost, besides thousands of horses and cattle.

The shocks extended to all the Islands of the Hawiian group, but no damage is known except around Mauna Leo. Numerous extensive land slides accompanied the other phenomena, destroying life and property.

The summit and side of the hill, some fifteen hundred feet high, was thrown a thousand feet over the tops of the trees and landed in the valley below. The gas that issued afterwards destroyed animal and vegetable within its reach. Bottomless fissures opened in the mountain sides. A lava stream flows under ground, breaking out at four points six miles from the sea, throwing lava and stones fifteen hundred feet high. The new island thrown up is four hundred feet high, and is joined to the mainland by a stream of lava a mile wide. A large stream of water has burst from the mountain where the eruption occurred. About three hundred miles in circumference is desolated, and at least $500,000 worth of property has been destroyed.

The king of the Sandwich Islands has issued a proclamation for the relief of the sufferers.

Many visitors have gone from Honolulu, and many will go from this city. The worst is thought to be over, but the lava flow continues.

Fortieth Congress—First Session

HOUSE.

WASHINGTON, May 8.

Mr. Stevens from the Reconstruction Committee reported back the bill to admit Arkansas to representation in Congress, and after some discussion between Messrs. Eldridge, Stevens, Beck, Baker, Spaulding, Boutwell and Robinson as to the policy of delaying until the members could examine the Constitution adopted by Arkansas and the report of the Committee thereon, Mr. Stevens moved the previous question, but yielded a part of his hour to close the debate to Woodward, Rice and Pile, who discussed the general subject, after which he spoke briefly in reply to the objections made by Woodward and Beck to the bill; and as to the question, from the gentlemen on the other side, that they were not prepared to vote on the question, he said that, if it was postponed for an eternity, he would still find them unprepared. There had been a great clamor against his side of the House for keeping out those unreconstructed States, and now objections were made to letting them in.

The bill then passed; yeas, 110, nays, 32.—Baker, Loan, Spalding and Williams, of Pennsylvania, voting, no. The Speaker voted, aye.

Mr. Robinson moved to amend the title of the bill so as to make it read "A bill to keep Arkansas, an equal and independent State, out of the Union, unless the people submit to despotism," which was rejected. The bill, as passed, was telegraphed yesterday.

Mr. Shanks introduced a joint resolution to declare the officers elected in South Carolina to be the Provisional Government of that State.

Referred to the Committee on Reconstruction.

Mr. Paine, from the Reconstruction Committee, reported a bill to admit South Carolina to representation in Congress, which was ordered to be printed and recommitted.

Van Wyck, from the Committee on Retrenchment, offered a resolution reciting that the ironclads Oreorta and Catawba had been recently sold to Swift & Co., and that there was reason for believing that they were to be sold and delivered to the Peruvian Government, now at war with a friendly power, and requesting the President forthwith to order the detention and seizure of these vessels until the matter can be investigated by Congress.

Mr. Washburne, of Illinois, reported a bill to supply the deficiencies for the execution of the reconstruction laws in the Third Military District for the year ending June 13th, 1868.

Referred to the Committee of the Whole on the state of the Union, and made the special order for Monday.

The House at four o'clock went into a Committee of the Whole on the state of the Union, with Wilson, of Iowa, in the chair, and was addressed by Conkan on the policy of reconstruction, defending that of Congress and condeming the course of the President until the adjournment.

At the northwest corner of Jefferson and Second streets, in the city of Memphis, expose for sale at public auction, and sell for cash to the highest bidder, the following described property, to wit: A leasehold of certain premises lying on the Randolph road, and near Wolf river, being the same leased by William A. Bickford on the 18th of March, 1868, to M. L. TORNADO.

The Frightful Hurricane in Haywood County Wednesday Afternoon.

A Dwelling Taken Up by the Wind, and Dropped in an Inverted Position.

Miraculous Escape from Death of Several Ladies and Children.

Buildings Blown to Pieces—Furniture Carried in the Air for Miles.

Several Persons Known to Have Been Killed—Interesting Particulars.

BROWNSVILLE, TENN., Friday, May 8, 1868.

The particulars of the late terrific hurricane or cyclone which passed the northern part of Haywood county day before yesterday cannot all be gathered in a day; but after comparing the statements of various gentlemen who witnessed or visited the scene, we are able to furnish an adequate and reliable description.

The storm first appeared on the northern side of Hatchie river in the eastern part of Lauderdale county. As it advanced northward, slightly east, the track crossed the line and entered Haywood county, perhaps four or five miles from the river. The track continues in a direct line to Forked Deer river, sixteen miles. These little rivers run northwesterly and almost parallel. The nearest point on the track to Brownsville is where it crosses the Keys Corner road, nine miles from there.

Mrs. Mary Holloway lives at that place, and the destruction of her premises was as complete as if a thousand bummers had exercised their utmost ingenuity a *month* in the work of destruction. Her house was a handsome two-story framed building, surrounded by cultivated mounds and tasteful improvements. She and two grown daughters and a daughter-in-law with a young child, were at home and in the house. The storm came without a moment's warning, except a sickening, giddy sensation, which every one describes in the same manner. The day was cloudy but no one dreamed of a storm. First came the fainting sensation, and in less than a moment the house was lifted from its foundations as suddenly as a giant could brush away an icicle. The house was inverted on the very spot where it stood.

The escape of the family, as well as the phenomenon of the storm, seems miraculous. Mrs. Holloway was brused, but not seriously injured; although covered by the debris of falling timbers, she soon extricated herself. Her son's wife found herself on the opposite side of the house from where she was standing, and literally under the ruins, but the pillars of the balcony formed a little recess or niche where she fell, and was unhurt. Her child, which was in her arms at the instant the storm came, was found in the top of a cedar tree, which, in the falling of the house, went through the stairway without being broken down, and the top was thrust up the inverted stairway into what had been a lower room; the child, though stunned, was not hurt. Miss Helen Holloway was seriously injured, and is confined to her bed. The sister escaped more lightly. The gate-posts in the yard were wrenched off at the ground as if they had been rotton stalks of corn. Large fruit trees in the yard and vicinity were likewise snapped off like stems of glass. All the out-houses and improvements of whatever character were likewise completely destroyed. A severe hail attended the hurricane, but lasted only a few moments. It passed over the country as fleet as an angry cloud. It was a remarkable fact that there was a peculiar halo about the clouds at the time. The sun seemed almost ready to shine out.

Half a mile sothwest of Mrs. Holloway's, a saw mill on her place was entirely demolished. The engineer, Mr. James Langley, was in a house near by at the time, and the building was crushed and actually covered by falling timber. He was badly hurt, and may die, but his family escaped almost unharmed.

Mr. Wm. Capell's place near Hatchie river was entirely destroyed. He had the finest house in Haywood county, built in tasteful, elegant style, and filled with fine furniture. It was a charming country place. The outhouses of every description were lifted from their foundations and demolished. Some of the timbers were carried five or six miles and dropped in the devastated track. Two or three negroes were killed on the place, but none of the white family as far as learned.

Dr. Henning lives still nearer Hatchie and fourteen miles from Brownsville. He is probably in the edge of Lauderdale county. Five or six negroes are said to have been killed on his place, but of this we are not quite positive—reports are conflicting. No whites killed, though some of them hurt.

Durhamsville, which is between Dr Henning's and Mr. Capell's, but to the west of the track a little, escaped, but the Academy just out of town was unroofed. Of the work of the storm northeast of Mrs. Holloway's we have not been able to learn reliable particulars. A considerable storm passed over Gadson, on the Memphis and Ohio railroad above Brownsville; but if it was the same it must have deviated considerably to the right of its general course through Haywood county. The sixteen miles track is as direct as if laid off by a surveyor. It is about three hundred yards wide. The trees all fell inwards from the margins, but in the center thereof are twisted and lying in all possible directions and positions.

It is impossible at present to estimate the damage done. It is remarkable that the line of the storm passed over as many farms and houses as could possibly be found in the same distance in any part of this country. Many marvelous escapes and incidents of thrilling interest and mystery are related. In one instance a negro baby was blown several hundred yards and dropped at the gate of the track unharmed.

A subscription of five or six hundred dollars was promptly raised at Mrs. Holloway's for some of the suffering neighbors.

The above are all the particulars of this terrible storm which we could obtain for to-day. They were furnished by a member of the AVALANCHE staff, now in Brownsville, who has promised us full particulars for Sunday's issue.

SUICIDE.

A Man Deliberately Shoots Himself through the Head.

Yesterday afternoon a man named John King, while talking to a man, remarked that he intended killing himself. No attention was paid to the remark; but a few minutes after he placed the muzzle of a pistol at the back of his head and deliberately pulled the trigger. The ball passed through the head, coming out at the temple, and inflicting a mortal wound. He was alive an hour later, but no hopes were entertained of his recovery. We could learn no facts relative to King, nor of the motive prompting the rash act.

DISTRESSING OCCURRENCE.

A Prominent Merchant and Two Young Ladies Thrown from a Buggy and Injured.

About six o'clock yesterday evening, while the well known Front street merchant, Mr. C. W. Goyer, was driving out in his buggy, on Brinkley avenue, with his sister-in-law, Miss Charlotte Hampson, and Miss Byant, some one drove up rapidly from behind and frightened the horse. The animal commenced rearing and plunging and running, turned over the buggy, and threw Mr. Goyer and both ladies violently to the ground. Mr. Goyer's right shoulder was dislocated, and he received injuries internally which it is feared will prove fatal. Miss Byant's hip was dislocated, and her body considerably bruised. Miss Hampson fell on her back, which was much bruised. The injuries of the ladies were not regarded as serious.

DISSOLUTION AND NEW FIRM.—A card elsewhere announces, first, the dissolution of the firm of Burleson, Pattison & Co.; second, that of Partee, McGehee & Co.; and third, the formation out of both the firm of Partee, McGehee & Burleson, successors to Partee, McGehee & Co., and Burleson, Pattison & Co. The members of the firm are Major H. A. Partee, Colonel Ed. F. McGehee and Dr. A. A. Burleson, who will continue at 332 Front street, the former business as cotton factors and general commission merchants. The gentlemen composing this firm are too well and favorably known to the public to require any commendation at our hands at this date. If it were needed we should certainly recommend them as worthy of confidence in every respect. Both retiring and incoming firms have our best wishes for the continuance of the success which has heretofore crowned their efforts. See new advertisement.

FIRE YESTERDAY MORNING.—At nearly two o'clock yesterday morning Mrs. S. A. Levy's residence, 259 DeSoto street, was destroyed by fire, which originated in the rear of the building. Nearly all the furniture shared the same fate. The building was worth about $3,000, and insured in the Home, of New Haven. The loss in personal effects will reach half the amount, fully insured in the Washington, of New York.

THE LATE GENERAL W. H. CARROLL.

Meeting of Citizens Yesterday—Resolutions, Committee, etc.

Pursuant to call, a meeting of personal friends of the late General W. H. Carroll was held, in Ayres Block, yesterday morning at 10 o'clock. Colonel S. P. Walker was called to the chair and Captain James Brett appointed Secretary.

On assuming the chair, Colonel Walker said:

We meet together to mourn the death of our friend General Wm. H. Carroll; a sad event to all of us—to many of us who knew him intimately, a deep affliction. He was personally and intimately known to all of us as a man of strong attachments and unrelenting in his devotion to his friendships; possessed of a strong common sense, that compassed its objects directly and quickly; his integrity pure, without spot or blemish, and courage equal to any issue that he ever was or could be called on to meet. His history and virtues are familiar to you, as to me, and I will not dwell upon them. He has died an exile from his native land—our country stretching its long line and deep extent a barrier between him and us; his life-long friends are denied everything but the expression of their sorrow. General Carroll spent twenty years of the best portion of his life among us, and was universally beloved and esteemed by all who knew him. Those of us who knew him intimately knew that one of his chief characteristics was that of a peacemaker. I can say, of my own personal knowledge, that he was instrumental in adjusting more difficulties between men than any other man who ever lived on this bluff. For the last several years of his life he was a consistent member of the Catholic church, and let us hope he is better off and happier than we who are left to struggle with the troubles and adversities of this life.

Judge Swann made a few remarks relative to the deceased, during which he mentioned the receipt of a letter from Knoxville some time since assuring him that the Governor had authorized the writer to assure the friends of General Carroll that he might return to the city of Memphis whenever he chose to do so, without fear of molestation from the present authorities.

On motion, the following committee was appointed to draft resolutions expressive of the sense of the meeting: Colonel H. C. Young, Colonel R. F. Looney, Colonel Moses White, Captain John Wilkerson, Colonel G. H. Monsarrat, Colonel M. C. Gallaway, Hon. John Park, Colonel J. H. McMahon, Dr. W. T. Irwin, Dr. R. C. Malone and Colonel E. M. Yerger.

Upon retiring, the committee drafted and submitted the following, which were unanimously adopted.

WHEREAS, We have just received the sad intelligence of the death of our personal friend and distinguished fellow citizen, Gen. W. H. Carroll, who died an exile from his native country, at ten o'clock on Sunday morning, 3d May last, in the city of Montreal, Dominion of Canada, meeting death with the resignation of a Christian and the courage of a soldier; and whereas, we deem it due to him, ourselves, and his numerous friends throughout his native State and the country at large, to give some fitting expression of the universal feeling of regret attending this sad calamity; therefore be it

Resolved, That in the death of Gen. Carroll we have lost a true and stedfast friend, society an ornament, the country a pure and unselfish patriot, and the world one of the noblest members of the great brotherhood of mankind.

Resolved, That we feel the deepest sorrow for the untimely death of this noble, upright man, cut off in the full vigor of mature manhood, and who was endeared to us by every attribute of character which dignifies and adorns true chivalric manhood; who lived respected and died lamented by every one who knew him, justly esteemed one of the purest men, knightliest soldiers of the age in which he lived.

Resolved, That we hereby tender our heartfelt thanks to the generous foreigners, citizens of Montreal, who extended to our deceased friend so many acts of hospitable kindness during his long and cruel exile among strangers, and who watched over him with such tender solicitude during his last illness.

Resolved, That we tender to the family and relatives of the deceased our sincere sympathy and condolence while mourning under this afflicting dispensation of Divine Providence, which has overwhelmed them with sorrow, and shrouded their household with impenetrable gloom.

Resolved, That a committee of —— be appointed to confer with the immediate friends of the deceased, with a view to making the necessary arrangements to receive and bury, in a proper and becoming manner, his remains, when they shall reach this city.

Resolved, That the proceedings of this meeting be published in the city papers, and a copy of the same be forwarded to the family of the deceased.

On motion the following gentlemen were appointed a committee to confer with the family of the deceased, and make suitable arrangements for the reception and interment of the remains of General Carroll on their arrival in this city:—General N B Forrest, General J R Chalmers, R B Hawley, Esq, John Glancy, Esq, Eugene Mageveny, Esq, Fearn Penn, Esq, Judge W G Swann, Captain J T Shirley, Captain C D DeHaven, Hon B D Nabers, Ralph Wormley, Esq, Hon W C Dunlap, Colonel Robertson Topp, Commodore J E Montgomery, B A Massey, Esq, Colonel C D McLean, Hon W T Avery, Captain John Wilkerson, T Ayres, Esq, Major J C Cole, Dr George A Smith, R L Smith.

It was then moved and carried that the Chair make such additions to the above committee as he, at his leisure, may see fit.

After which, the meeting adjourned

S. P. WALKER, President,
JAMES BRETT, Secretary.

PROCEEDINGS OF CITY COUNCIL

Wednesday Proceedings, Continued.

PETITIONS.

By Alderman Renner:

To the Honorable Mayor and Aldermen of the City of Memphis:

GENTLEMEN—The undersigned begs leave respectfully to represent to your honorable body, that he and his associates are engaged in running a local packet line from this city, for the transportation of freight and passengers, to all points on White river and intermediate ports; that the Memphis and White River Packet Company's boats are owned, controlled, officered and manned by citizens of this State and the State of Arkansas, and that their business would be greatly facilitated and the interests of Memphis promoted by the enjoyment of the privilege of maintaining, at such portion of the landing as your honorable body may designate, a wharf-boat to be used for the purposes of the company, and for the convenience of the shipping and traveling public. The undersigned will agree to abide by any and all rules and regulations that may be made by your honorable body for the government and control of such wharf-boat. The undersigned would also state that the boats belonging to our company purchase all of their stores, and a large portion of their fuel, in this city, and that the most of our officers and crews are residents of this city, and are identified in every way with the interests of Memphis, and that our boats are painted and repaired here—our company having spent about ten thousand dollars for that purpose in the last year.

The undersigned would further state that our company is not now, nor has not been, interested in any of the wharf-boats now at the landing.

Trusting your honorable body will grant us this privilege, I am yours, etc.,

JOHN B. DAVIS,
Sup't Memphis and White river Packet Co.

Referred to Landing Committee by the following vote:

Ayes—Powers, Johnson, Joyce, Wickersham, Black, Hoist, O'Donnell, Cicalla, Renner, Lemon, Passmore, Ellis and Wright.

Nays—Glancy, Brown, Cartright, Ruffin and Moffet.

By Alderman Lemon:

To the Honorable Board of Mayor and Aldermen:

Your petitioners would respectfully represent that St. Martin street, in the City of Memphis, should be extended from the point where Huling street enters or crosses the same to South street.

There has been a passway or road used by the public over the ground between the points mentioned, and quite a large population reside along the line of this road or supposed street; and your petitioners are among those living on this route, and supposed that the entire distance between the points mentioned had been, either by condemnation or proper legal dedication, made a street; but in this your petitioners are mistaken, and the information now derived is to the effect that the street, or heretofore existing road, was by permission of the parties over whose ground the same was used without sufficient time having elapsed by public use legally to convert it into a street.

Your petitioners would further represent that this street has been recently closed so far as it runs through the lands of the late W. D. Ferguson, And your petitioners and all the public who use this right of exit have been and are now prevented from using the said route between the points named for about two hundred and fifty feet. By this closing of said street, the most convenient, and in winter, owing to the desperate condition of Main street, the only really accessible route for all that part of the city to the depot of Tennessee and Mississippi railroad, is closed.

Your petitioners have been ordered to lay sidewalks, which they are willing to do if the city will open the said street.

They therefore respectfully ask that the said street be opened.

James Ryan, P Burk, Robert Sherlock, Lizzie Limpkins, A Branch, Anthony Conley, E Pruden, S B Lane, Kate McGin, Frank Brown, J Thomas, R Moon, Wm Craft, J H Gorden S B Black, Thos McGrath, B McDonald, A Branch.

And we the undersigned would also be benefitted by the opening of said street, and therefore pray that the same be opened.

MEMPHIS, February 20, 1868.

To the Honorable Mayor and Board of Aldermen of the City of Memphis:

Your petitioners, undersigned, pray that the city tax be removed from a piece of property known as "Turley Chapel" and lot, South-east corner of Linden and Wellington streets, and belonging to Mrs. Flora Turly, for the following reasons, to-wit:

The said chapel was erected as a house of religious worship, and as a mission station to the Central (Dr. Ford's) Baptist church. In pursuance of this purpose religious exercises therein are held on Sabbath, and prayer meetings on Monday evening of each week. A large and prosperous Sabbath school, under the superintendency of A. L. Goff, of Central Baptist church, occupies the chapel on Sabbath afternoons. Since other sacred edifices are exempt from city taxes, your petitioners pray, as an act of justice, that "Turley Chapel" be likewise exempted from the same. Hoping your honorable body will find it compatible with the true interests of the city to grant this petition, and thus encourage efforts to extend religious influences, we are most respectfully your obedient servants,

By Alderman Passmore:

To the Honorable Mayor and Board of Aldermen of the City of Memphis:

Your petitioner, John Slattery, presents to this honorable Board a claim for the sum of one hundred and fifty dollars ($150) due him for business done and executed at the instance and request of ex Mayor Lofland during his administration of the city of Memphis. The above amount is back money due from the first of November, 1866, up to and ending May 1st, 1867. 'Tis to be hoped His Honor and Board of Aldermen will compensate petitioner the above sum, which will be the sum equivalent to the original agreement; and petitioner, as in duty bound, will ever pray.

Yours truly, JOHN SLATTERY.

MEMPHIS, April 29, 1868.

To the Honorable Board of Mayor and Aldermen of the City of Memphis, Tennessee:

The underigned petitioners, of the firm of Vredenburgh & Sylvester, insurance agents, would respectfully represent to your honorable body that they are the immediate successors in interest of H. K. Lindsey and R. V. Vredenburgh, who, under the firm style of Lindsey & Vredenburgh, were transacting a general insurance business, in Memphis, during the year 1866.

That on or about the 5th day of December of said year, the said Lindsey & Vredenburgh, upon application of W. L. Lofland, Mayor, advanced in cash to the city of Memphis, for the purchase of horses for the Fire Department, the sum of three hundred dollars, the said subscription being in the nature of a loan, in exchange for which was accepted a city warrant for the same amount, believed to be numbered 2913, and with the assurance, on the part of said Mayor Lofland, that the said warrant would soon be redeemed for the face of the same.

Petitioners further state that said warrant was retained in possession of said firms of Lindsey & Vredenburgh and Vredenburgh & Sylvester, until the month of January 1868, during which month the same was lost, and after diligent search is not to be found nor any trace thereof; but, on the other hand, is believed by your petitioners to have been wholly destroyed.

Your petitioners, successors as aforesaid to the firm of Lindsey & Vredenburgh, and alone entitled to the possession of said warrant, would therefore pray that their loss in the premises be made good, either by the payment in cash of the original amount advanced to the city, with accrued interest from December 5th, 1866, or in such other way as may seem to your honorable body best calculated to afford the adequate relief.

Your petitioners would also suggest that they are prepared to furnish any evidence that may reasonably be required in further corroboration of the statements set forth in this petition, as also to secure your said city against any contingency that may arise from the possible discovery of the warrant lost as aforesaid.

R. V. VREDENBURGH,
R. H. SYLVESTER.

State of Tennessee, County of Shelby:

Personally appeared before me, C. Canning Smith, a Notary Public in and for the county aforesaid, R. V. Vredenburg and R. H. Sylvester, (whose names are subscribed to the foregoing petition,) and who being duly sworn depose and say that the statements and declarations set forth in the said petition are true, to the best of their knowledge and belief.

Witness my hand and seal, this 29th day of April, A. D. 1868. C. CANNING SMITH,

To the Honorable Board of Mayor and Aldermen of the City of Memphis:

We, the undersigned, petition your honorable body, that the sum of one hundred and twenty-eight dollars and ninety eight cents ($128 98) be paid to us, being balance due and unpaid for forage furnished by us for the use of the city of Memphis for the month of September, 1867, and which we sold for cash, or its equivalent, according to our proposals filed in the Purveyor's office.

We were paid in warrants at a discount fixed by yourselves, and which did not, after our best exertions in their sale, yield the amount of our bill by the above amount.

This we respectfully submit, and ask that our petition be granted. WRIGHT & WILCOX.

To the Honorable Board of Mayor and Aldermen of the City of Memphis:

This will certify that I, J. P. Foster, City Purveyor from January, 1867, to January, 1868, being duly authorized to contract for feed for the use of the city of Memphis, made a contract with Wright & Wilcox to furnish forage for the month of September, 1867, they to receive in payment cash or its equivalent; and I further certify that they furnished the forage, as per agreement, and at lowest cash prices. J. P. FOSTER.

By Alderman Moffet:

To the Honorable Board of Mayor and Aldermen of the City of Memphis:

GENTS: We beg leave to call your attention to the draining or filling up of a pond in Brinkley Avenue, near this point. Said pond is one to two feet deep, extending quite across the avenue, much to the inconvenience of travel; and if permitted to remain, would soon be productive of sickness in the vicinity. Your earliest practicable aid in removing said nuisance will confer a lasting favor on the whole neighborhood; and we, your humble petitioners, will ever pray, etc.

By the same:

To the Honorable Board of Mayor and Aldermen of the City of Memphis:

GENTLEMEN: The undersigned petitioner, acting as agent and guardian of the minor heirs of John Hitchler, Esq., deceased, respectfully shows that through what he believes to have been an oversight on the part of the City Assessors, a certain piece of ground fronting fifty-seven feet on Linden street, by one hundred feet deep, and running out to St. Martin street, with a front of sixty feet on St. Martin by eighty-seven feet deep, belonging to said heirs, is valued at $7,500. This valuation is oppressive and out of proportion to that placed upon other property in the neighborhood. The highest figure ever before placed upon this ground by city assessors was $4,500, and inasmuch as the improvements are now very old and almost valueless, your petioner prays that the valuation be reduced to $3,500 or $4,000 as justice and equity demand. Petitioner further states that he has repeatedly during the past eighteen months offered the above described real estate for sale for $5,000, that being considered by competent judges its full cash value. Petitioner would, as in duty bound, have reported the error to the Board of Assessors while they were attending to complaints of this character, and asked for its correction, had he not been positively informed by one of the said Board that the value agreed upon was about $3,500, which amount your petitioner knew to be right and proper, and hence gave the subject no further attention, but upon going to the office of the Tax Collector on Wednesday last to pay the tax on this and other property the mistake complained of was discovered.

The premises considered, your petitioner asks that, as an act of simple justice to poor orphan children whose sole income is from rents derived from this property, your honorable Board will instruct Mr. Bowen, the Collector, to reduce the valuation in question to, say, $4,000; and, as in duty bound, he will ever pray, etc.

(Signed) JNO. S. TOOF,
Agent and guardian minor heirs of Jno. Hitchler, deceased.

Referred to Committee on Claims.

MEMPHIS, May 4, 1868.

By the same:

To the Honorable Board of Mayor and Aldermen:

The undersigned, Finance Committee of the Board of Scool Visitors, would respectfully represent to your honorable body that the tax levied for school purposes at your last meeting, *i. e.* twenty cents on each one hundred dollars, is entirely inadequate for the necessities of the public schools.

The indebtedness of the School Board for the present year is $50,000. Most of this amount is due teachers, who certainly are entitled equally with other employes of the city, to prompt payment for their services.

The undersigned, upon conferring with your Finance Committee, understood them to favor a tax of twenty-five cents on each one hundred dollars, when the total tax assessment reached $35,000,000. The assessment has been reduced to about $30,000,000, and the tax is made twenty cents in stead of twenty-five cents on each one hundred dollars.

The latter amount of all collected would only yield $60,000, leaving, after the payment of our present debts, but $10,000 wherewith to support the schools for the ensuing year.

With these explanations, the undersigned would respectfully request your honorable body, in behalf of the School Board, to increase the tax for school purposes to thirty cents on each one hundred dollars, believing that the sum thus realized will not be more than sufficient to maintain the schools in the most economical manner.

While heartily sympathising with your honorable body in your economical policy, and deeming retrenchment essential to the safety of our municipality, we are fully satisfied that it is to the tax payer's interest, as well as to sustain our credit abroad, that we keep up the public schools, without which no city can prosper.

Hoping that your honorable body will appreciate the necessity which prompts our present action, we are, etc.,

W. S. BRUCE,
JOHN JOHNSON,
NATHAN HOFFHEIMER,
Finance Committee School Board, Memphis City Schools.

Prayer granted.

BUY A GOOD ONE OR NONE.—Many absolutely worthless sewing machines are now before the public, to purchase which would result in nought but disappointment and vexation to the owner. A cheap sewing machine generally proves a dear bargain. Grover and Baker's have stood the test for many years; thousands are in use in this vicinity, and but one opinion prevails as to their worth, the advantages they possess for embroidering, braiding, hemming, etc., and their wonderful simplicity renders them the best in use. MISCELLANEOUS.

Business on the wharf continues dull, with a small list of arrivals and departures.

The river is falling as far down as the mouth of White river, and as yet there has been little damage incurred by the high water this side of Napoleon. The upper streams are still rising, but the rise will not have much effect on the river here. The crops along the river are in a flourishing condition and the planters are in good spirits and anticipate a large yield.

The Richmond passed up for Louisville yesterday morning at 3 p.m., with a big passenger trip. Below will be found an interesting correspondence which was compiled by Mr. Lodge, her efficient clerk. The Richmond will leave Louisville again on Tuesday for New Orleans.

Hon. John Morrissey and party arrived yesterday on the Liberty No. 2, and left for New York. They were well pleased with their trip on the Liberty, and spoke in high terms of her officers, especially Mr. Harry, chief clerk, who paid them a great deal of attention. The Hon. John has an idea of purchasing Hot Springs.

The Julia and Louisville passed up last evening.

The J. N. Kellogg passed up at noon for St. Louis with a tow.

The Natoma backed out for Friar's Point with a fair trip.

The Mat. Burns passed down from St. Louis for Little Rock.

The magnificent passenger steamer Liberty No. 2, in command of Captain James Rice, leaves today at five p.m. for White river and all way points through to Jacksonport, connecting there with the Fairy Queen for Batesville, the F. W. Brooks for Black river, and at Duvall's Bluff with the Little Rock railroad for points on the Arkansas. Messrs. Milt Harry and Charly Sharpe, two affable gentlemen, have charge of the office.

The Belle St. Louis, Captain Zeigler, leaves today at five p.m. for St. Louis. Captain Ad. Storm, an agreeable gentleman, has charge of the office.

The splendid passenger steamer Rubicon leaves to-day at 5 p.m. for Vicksburg and all way landings in the bends. She is the regular Saturday U. S. mail packet, and will be found at the wharf this morning to receive. Capt. Blake, an experienced officer and urbane gentleman, commands, with Mr. Alf. Grissome, an affable and courteous gentleman, in charge of the office. We can freely recommend the Rubicon to the shipping and traveling public.

The Norman arrived last night from White river and leaves to-day at 12 m., for Louisville.

"Our Sam," of the St. Louis *Republican*, styles the Memphis Aldermen as lunatics, and doesn't like the course they pursued regarding the wharfboats. If our Aldermen *were* lunatics, as Sam charges, he would like them, on the principle that "a fellow feeling makes us wondrous kind." But not being "any sich," they are out of his sphere, and he contents himself with imitating the animal that bayed at the moon.

The Gleaner is due from the Arkansas, and will be in port to-day, as she is noted for making quick trips.

R. E. Edmonson, carpenter on the steamer Dubuque, fell overboard from that steamer in the Upper Mississippi, and was drowned.

The Empire has proven to be an unlucky steamer during the past six months. The Cairo *Democrat*, of the 7th, gives the following account of her late accident: The Empire passed up this morning looking as though she had "been through the wars." About eleven o'clock last night, as she came out of the chute at Island No. 2, the wind caught her, carrying her among the trees, and then finished the business by knocking down both her chimneys and "cleaning out" the pilot house down to the wheel. The sash was saved unbroken, and enough of the chimneys to rig "stumps, and allow her to "go on her way rejoicing."

Special Correspondence of the Avalanche.]

EDITORS AVALANCHE: The low-pressure Richmond left New Orleans Monday evening, May 4, at six o'clock, with a magnificent trip of passengers and a fair showing of freight, for Louisville and all points on the lower Ohio. We have decidedly the largest passenger trip of the season, every part of the boat being full. Among our passengers we have Mr. Thorn and family, and a party of eight or nine, returning home to Philadelphia from Europe, where they have been spending the past three years; and Mr. Thorn remarked this morning that after traveling 60,000 miles, he had found no mode of travel that for comfort, elegance and safety would compare with his present trip up the Mississippi on this steamer. We have, too a number of Memphians on board. Crops along the river are all looking remarkably well, and from the boat the cotton area looks about the same as last season, but the area of sugar looks at least twice as great, and from information gathered from persons coming on board along the coast it would seem even greater. There is no longer any danger of any great amount of damages from overflow, as the Arkansas river is rapidly receding. The Mississippi river fell one inch at Napoleon last night, which change in its condition seems to be hailed with delight by the inhabitants of that city of extensive water privileges—find plenty of fuel, in the shape of cord wood, along shore, and at very reasonable rates, too; and it is to be hoped that steamboats will use more of it than they have been in the habit of doing, and thereby enable the natives to procure a subsistence until the next crop matures. We expected to have had General S B Buckner this trip. He goes to Louisville to take charge of that sterling Democratic paper, the *Courier*; but, not being able to get away for a few days, he will be with us next trip. Boats left in port—Louisiana and Louisville, for Cincinnati. [illegible] met towboat Baker and met Pauline Carroll; 5th, met John Kilgour at Prophet's Island; met Belle Lee at St. Joseph's; met Indiana, with big trip, at Warrenton; met Lizzie Gill at same place, and passed towboat, name unknown; 6th, met Pargoud at Island 76.

Respectfully, LODGE.

MEMPHIS & ARKANSAS RIVER

UNITED STATES

Mail Packet Company

For Napoleon, Pine Bluff, Little Rock Lewisburg, Dardanelle, Van Buren and Fort Smith.

THE following are the boats of this Line, all of which are First Class Passenger Packets:

GLEANER	H. Blaisdell, master
CENTRALIA	W. B. Howland, master
CELESTE	Reese Pritchard, master
W. A. CALDWELL	R. L. Haines, master
OZARK	E. C. Morton, master

One of the above boats will leave Memphis

Every Monday and Thursday at 5 p.m.

This Line has only been in operation since January last (three months), but in that time has won a reputation for promptness, having never failed to leave Monday and Thursday evenings as advertised. These boats have heretofore been connecting at Little Rock with the light boats of this Company (built expressly for low water), viz.:

AMERICAN	Ed. Nowland, master
FORT SMITH	J. W. Williams, master
VAN BUREN	James Bowlin, master

But now that the Arkansas is in fine navigable condition, the Memphis boats will run through to Fort Smith, and thus save the trouble of changing boats until freight and passengers reach the point of destination—time from MEMPHIS TO FORT SMITH LESS THAN FIVE DAYS. One of the Light Boats of the Company will be kept at Fort Smith ready to receive and take freight and passengers through to Fort Gibson. This Line offers superior inducements to the visitors of the famous

HOT SPRINGS OF ARKANSAS.

As passengers taking state-rooms at Memphis make no change until they arrive at the wharf in Little Rock, which place they reach in two and a half days, and arrive in DAY TIME—Sundays and Thursdays—stopping at Little Rock all night they start, after a comfortable breakfast the next morning, travel leisurely during the day, and stay all night at a good country house, start again next morning, after breakfast, and arrive at the springs in time for dinner, thus avoiding night travel. Those, however, who desire to go through more rapidly can take the stage before daylight the next morning, after reaching Little Rock, and arrive at Hot Springs the same evening.

Shippers and the traveling public may rely upon the promptness of these boats, and those who desire to forward goods to Memphis to be reshipped upon this Line, will ship direct to the "Memphis and Arkansas River United States Mail Packet Company," at Memphis.

The Mineral Springs
—AT—
RALEIGH, TENNESSEE
FOR SALE!

THE CELEBRATED RALEIGH MINERAL SPRINGS, situated on the confines of Raleigh, late County Seat of Shelby county, Tennessee, nine miles northeast of Memphis, and two miles from Wells' Station, on the Memphis and Louisville Railroad. These Springs are six in number, of various mineral and medicinal qualities, and are visited every Summer by thousands of seekers of health and pleasure, from all quarters of the country. They are within a few steps of the village of Raleigh, in a beautiful valley, and also within a few hundred feet of Wolf river, which winds around the base of the eminence on which the village of Raleigh is situated, and empties into the "Father of Waters" at Memphis. Numerous remarkable cures of various diseases have been experienced by sojourners at this health-inspiring retreat, and the present proprietor, Colonel J. M. COLEMAN, can produce hundreds of certificates of cures in cases which had been entirely given over by medical skill. The ground surrounding the Springs, and in fact the entire village of Raleigh, rises to an eminence of pure air, and is as remarkable for its healthfulness as beauty of location. The Springs are in fine order, never failing, and are designated as follows:

MARBLE SPRING,
BOX SPRING,
MAGNOLIA SPRING,
ARSENIC SPRING,
SULPHUR SPRING,
FREESTONE SPRING.

The place has never been visited by epidemic of any kind, and peculiarly characteristic of its healthfulness is the longevity of the inhabitants. The oldest citizens of Shelby county are residents of Raleigh.

The Springs are as much resorted to by pleasure seekers as by invalids, owing to beauty of scenery and various artificial as well as natural attractions. Connected with the Springs are a Pavilion, Ladies' Bowling Alley, Rustic Arbors, Reading Saloon, Gents' Bowling Alley, Saloon, Billiard Room, Gymnasiums, Refreshment Tables, etc., while Wolf river affords excellent Boating and Fishing.

An analysis of the several Springs, by distinguished medical men, shows that they are unsurpassed in mineral and curative properties by any in the United States. There is no reason then why Raleigh should not become as famous as Saratoga, Sharon or Lebanon, and as largely patronized. It needs only capital and enterprise to accomplish this end.

The elegant country mansion house and lot, residence of Colonel J. M. COLEMAN, is within a few yards of the Springs. The house is in first class order, contains ten rooms, and is beautifully embowered in shrubbery. The lot is well fenced and ornamented with fine shade and fruit trees, and affords all necessary outhouses, cisterns, etc. It is midway between the village and Spring Valley, on the main promenade.
